SKILLS

- Flutter Development
- State Management (GetX, Riverpod, BLoC)
- Firebase & SQLite Integration
- REST API Implementation
- UI/UX Design & Optimization
- Agile & Scrum Methodologies
- Version Control (Git & GitHub)
- Google ML Kit (Text Recognition)

EMPLOYMENT HISTORY

Flutter Developer Intern at Lufick Technology Pvt Ltd

📅 *Oct 1, 2024 - Present*

- *Developed and optimized 3+ Flutter-based applications, reducing app load time by 20%.*
- *Implemented REST API integration to enhance real-time app functionalities.*
- *Worked with Firebase & SQLite for efficient database management.*
- *Gained hands-on experience with Agile methodologies, Git version control, and UI/UX optimization.*
- *Designed and implemented scalable solutions using Flutter & Firebase.*

EDUCATION

Bachelor of Computer Applications (BCA)

📍 *Kurukshetra University*
📅 *Present*

10th & 12th

📍 *Arya Bal Bharti Public School, Panipat (CBSE)*

PROJECT EXPERIENCE

News Aggregator App

- *Real-time news fetching with Flutter & API integration.*

Notes App

- *Cross-platform note-taking app using SQLite & Firebase sync.*

Recipe App

🔗 *GitHub*

- *Interactive recipe management app with API integration.*

E-Commerce App

- *Scalable e-commerce platform with Firebase authentication.*

Event Management App

🔗 *GitHub*

- *Event tracking and organization app.*

Text Recognition App

🔗 *GitHub*

- *AI-powered text recognition using Google ML Kit.*

CERTIFICATIONS

- *Flutter & Mobile App Development Certification* 🔗 *View Here*
- *AI & Machine Learning Certification*
- *Software Engineering Credential*

KEY COMPETENCIES

- *Cross-Platform Mobile Development*
- *Software Architecture & UI/UX Optimization*

- *Version Control & Agile Collaboration*
- *Machine Learning & AI-based Solutions*
